paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 210 Publisher: Petroleum Industry Pub. Date :2010-09-01 version 1. This book describes the fracturing. acidification of new technology and application of the principles of horizontal well technology and production processes yield high energy gas fracturing technology. and highlights the new reservoir stimulation technology. new development and its application in the oil field. This book can be used as petroleum engineering graduate. undergraduate. vocational students materials are also available for oil field related technical officers. Contents: first chapter the main production technology of hydraulic fracturing technology Section II mechanism of hydraulic fracturing made seam fracturing fluid and proppant additives Section IV Section V simulation of hydraulic fracturing and fracture diagnostic test Section VI Section VII fracturing hydraulic fracturing design and new technology development Chapter acidification. acid fracturing technology section acidification. acid fracturing process principle II reaction mechanism of acid rock acid system of Section III acidification. acid fracturing design V acidification. acid fracturing technology second horizontal well production process of new development chapter new development horizontal well fracturing fluid stopper sub-section horizontal well fracturing horizontal wells II mechanical isolation level of sub-fracturing wells force the third quarter blasting Section perforation fracturing gas fields abroad. two typical horizontal well fracturing horizontal wells acidification process Chapter II Section coiled tubing drag the new development acidification process packer section Section III horizontal wells acidification acidification process design-related production technology theory third chapter auxiliary gas fracture stimulation technology. high-energy high-energy gas fracturing technologies at home and abroad Section Overview of Section The production mechanism of high-energy gas fracturing and theoretical high-energy gas fracturing the third quarter and the selection of design conditions for the fourth quarter wells and construction of high-energy gas...
