Reviews

A must buy book if you need to adding benefit. It is probably the most amazing ebook i actually have go through. Its been designed in an exceptionally basic way and is particularly just soon after i finished reading through this book through which basically changed me, affect the way in my opinion.

(Justus Hodkiewicz Sr.)

DISNEY AND HIS WORLDS (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 1995. Paperback. Book Condition: New. 214 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.This work provides an overview of the Disney organization, in particular the theme parks and their significance for contemporary culture. The author examines topics such as Walt Disney s life and how his biography has been constructed, the Disney Company in the years after his death and various writings about the Disney theme parks. He raises important issues about the parks such as: whether they are harbringers of postmodernism; the significance of consumption at the parks; and the representation of past and future. The discussion of theme parks links with the presentation of Disney s biography and his organization by showing how central economic and business considerations have been in their development and how the significance of these considerations is typically marginalized in order to place an emphasis on fantasy and magic.
