Reviews

The ebook is straightforward in read through preferable to comprehend. It is definitely simplified but shocks within the fifty percent of your pdf. Your lifestyle span is going to be transform when you total reading this publication.

(Dr. Jarrett Bednar)

ONE OF US (PAPERBACK)

Bantam, United States, 1999. Paperback. Book Condition: New. 175 x 107 mm. Language: English . Brand New Book. It's not what you've done that counts it's what you remember. If you could sell your conscience, could you get away with murder? Hap Thompson works the gray area between truth and lies. He works for REMtemp, taking on other people's memories. It's illegal, but usually harmless. Maybe a petty criminal wants to pass a lie detector test. Or an unfaithful spouse wants to enjoy a guiltless affair. All Hap has to do is carry the memories for a couple of hours. It's easy money. Until a beautiful young woman who committed murder leaves her memory with Hap and won't take it back. Now Hap is on the run: from the LAPD, from six angels of death in gray suits and sunglasses, and from the best hit man in the business his ex-wife. Even worse, people all around Hap are disappearing in a strange white light. His only hope is to negotiate with a guy who may be much more than he seems, so he can stay alive long enough to discover who is and who isn't.
