The electrifying biography of innovative scientist Benjamin Franklin is the perfect addition to this outstanding series! Benjamin Franklin is a famous colonial inventor and multitasker who may be best remembered as one of Americas Founding Fathers. But he was also a natural philosopher (the term for scientists back in the 1700s), whose experiments led to important discoveries about the nature of electricity including his famous demonstration that electricity and lightning were one and the same. In a fantastic addition to the much-lauded Giants of Science series, this biography sheds new light on the man who considered science his true calling in life. Praise for the Giants of Science series: With an inviting, conversational narrative, this series launches with an impressive start. Publishers Weekly, starred review of Leonardo da Vinci The second title in Krulls Giants of Science series meets, and perhaps even exceeds, expectations set by the debut, Leonardo da Vinci. Krull and Newton are a match made in heaven. Bulletin of the Center for Childrens Books, starred review of Isaac Newton Another standout in a uniformly stellar series. Kirkus Reviews, starred review of Albert Einstein An illuminating, humanizing portrait Booklist, starred review of Charles Darwin Krull presents another top-notch scientific biography in the outstanding Giants of Science series. Kirkus Reviews, starred review of Marie Curie Krull lives up to the promise of the first two entries in her Giants of Science series with this lucid and thoughtful examination of Freuds life, work, and legacy. Kirkus Reviews, starred review of Sigmund Freud This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
