Filesize: 6.79 MB

Reviews

Definitely among the best book I have possibly read. I have study and i am sure that i will going to go through once more once more later on. Your lifestyle span is going to be convert when you full looking at this publication.

(Prof. Damon Kautzer III)

ELEMENTARY CHEMISTRY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Elementary Chemistry During the past thirty years the position of chemistry as an essential element in higher education has steadily improved. Once it was an occasional study, given in short courses, by text-books and recitations, with experiments performed by the teacher; a method almost absolutely barren of disciplinary value. It was an exercise for the memory, and being unapplied to any definite purpose it was commonly soon forgotten. Now every good high school, preparatory school, and college assigns ample time to chemistry, and laboratory teaching has become well-nigh universal. The latter, indeed, represents a modern development in education, something in which the older systems were lacking; and now the student is taught to observe accurately, to draw correct conclusions from what he sees, and to test experimentally the truth of statements which were formerly accepted without question. The study of chemistry, then, apart from its scientific and detailed applications, is a training in the interpretation of evidence, and herein lies its chief merit as an instrument of education. In the present volume this idea is constantly kept in mind; and although it is not presented in the form of any mechanical routine, theory and practice, thought and application, are logically kept together. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
