Handwritten and hand drawn, it answers questions about cartooning in simple, visual terms. What materials do you use? What size do you draw? How do you caricature, or keep a likeness in a strip cartoon character? These are just a few of the technical problems facing the beginner which Peter Maddocks tackles, but he also considers the inspirational side of cartoons - what comes first, the idea or the artwork; once you've had a bright idea, how do you transfer it on to paper? And he supplies captions and examples of cartoons to help you draw that very first masterpiece. Peter Maddocks was a full time professional Cartoonist, both in National Newspapers, films and TV animation.
