On certain subjects of an elementary and scientific nature, a writer s name has great weight; but with a work of this kind, consisting of a mere detail of facts, and a chain of reasoning, and therefore resting upon its own intrinsic merits, a name ought to have no more influence than in a court of justice is allowed to character against clear and positive testimony. Facts are substantiated by evidence, not by opinions; and reasons are enforced by principles and comparison. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
