A+ Customer Service! Summary: Samantha Nutt is scrupulously consistent with her hard-nosed, direct, in-your-face style and defiant resolve in her approach to war and the massive abuses to humanity, especially women and children. Samantha is telling us in no uncertain terms that humanitarianism starts by a 'critical reflection concerning our own actions and deeds.' And then she offers some solid proposals to consider. Well done, in a most compelling of ways." -LGen the Hon. Rom o A. Dallaire, (Retd), Senator "This is an extraordinarily riveting book. The anecdotes are heart-wrenching; the analysis is trenchant, principled, uncompromising. I never read a book in one sitting: I read Damned Nations in one sitting, and I regretted that it came to an end. It's not an easy read, but it's filled with emotional and intellectual power." -Stephen Lewis, former Canadian Ambassador to the United Nations, and Chair of the Board of the Stephen Lewis Foundation This book is a passionate reaction to so much of the stupidity and calumny that leads to death and destruction, and yet, it incorporates insightful and cool headed reasons as to why. An important book for our times. -Lloyd Axworthy, President, University of Winnipeg and former Minister of Foreign Affairs A brave, eloquent, and necessary book. I have no doubt you will be moved...
