

Approved Document B: Fire Safety : Incorporating Insurers' Requirements for Property Protection: Volume 2: Buildings Other Than Dwellinghouses (2nd edition)

By Fire Protection Association, Risk Insight Strategy and Control Authority

RIBA Publishing. Paperback. Book Condition: new. BRAND NEW, Approved Document B: Fire Safety : Incorporating Insurers' Requirements for Property Protection: Volume 2: Buildings Other Than Dwellinghouses (2nd edition), Fire Protection Association, Risk Insight Strategy and Control Authority, This guide, essentially an enhanced version of Approved Document B (Volume 2), offers extra insurer-friendly technical guidance for construction professionals about how to protect commercial buildings from fire beyond the building regulations critical life safety measures. With the cost of major fires costing the British economy over GBP7 billion a year and high rates of consequent business failure, property protection is a key business objective for construction clients and their insurers, who will value appropriate measures that are designed in rather than added on as an afterthought. For the first time, this guide aligns guidance for property protection with the much more familiar Approved Document B. It succinctly and transparently annotates the existing document, providing a practical and easy-to-use shortcut to meeting the requirements of the Building Regulations, your clients and their insurers - all in one book. Co-published by the Fire Protection Association and supported by The RISKAuthority (Risk Insight, Strategy and Control Authority) is an annually funded research scheme administered by the FPA

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
